## CITY ASKS FOR AN INJUNCTION

Files Suit in Circuit Court Here to  
Stop Order Raising Rates of  
Local Gas Companies.

OLD ORDINANCE REFERRED TO

Likely Cases Will go to Higher Court  
to Test Public Service Com-  
mission Act.

Two suits against the Public Service Commission asking that the recent order authorizing the increase in gas rates or the Central Fuel company and the Peoples Natural Gas Company be set aside and for an injunction were filed this afternoon by the City of Rushville through Kiplinger and Smith.

Practically the same things are alleged in each complaint and the gas companies are named separately in each suit. In each case the old ordinances under which the gas companies were permitted to lay mains and do business in Rushville were made parts of the complaints. The injunction suits allege that the order of the commission is excessive and unlawful. They are, for the most part, practically the same as the petition filed by the city with the Public Service Commission asking for a hearing on the petition for an increase in rates.

In the complaints it is pointed out that both companies were doing business here under an ordinance and franchises granted by the city council. In the franchise it was stated that the companies were to charge for gas at the rate of fifteen cents a thousand cubic feet. The new schedule, it is pointed out in the complaint, calls for a charge of forty cents for the first 10,000 cubic feet and over that amount it is to be thirty cents a thousand.

The complaint states that the commission had a hearing on the petition for an increase in rates and on March 20th granted the petition filed by the gas companies, authorizing the rate to become effective on and after April 1, 1915. In making the finding, the complaint states that the commission found that the rate of fifteen cents was insufficient and that the gas companies should be allowed to charge the forty cent rate.

The City of Rushville alleges in the two complaints that the rate and schedule put in force by the Public Service Commission are unreasonable and unlawful. It is further alleged that the Public Service Commission is without power and authority to change, modify or in any way effect the rates as fixed and determined by the ordinances and franchises granted to the gas companies by the city. The court is asked to vacate and set aside the order and enjoin the companies from enforcing the new rate.

These two suits were not unexpected as the city threatened to file them some time ago. It is more than likely that these two suits will go to the higher court in an effort to determine the constitutionality of the law creating the Public Service Commission.

### WILL INTRODUCE HARDING.

James E. Watson went to Indianapolis this afternoon and will introduce Senator-elect Harding of Ohio tonight when he speaks at the Columbia Club. It was expected a few Republicans from here would hear Harding.

## DRAW REVOLVERS WHEN DENIED FOOD

Mrs. Cicero Linville Tells Sheriff  
Cavitt of Two Colored Men  
Who Frightened Her.

NO TRACE OF THEM IS FOUND

Sheriff Cavitt was called to the home of Cicero Linville near Henderson, early this morning to look for two strange colored men alleged to have frightened Mrs. Linville when they demanded that she feed them. According to the story told the sheriff, the two men appeared at the Linville home late yesterday evening while Mrs. Linville was alone. They demanded something to eat and when she told them there was nothing prepared they drew revolvers and threatened to kill her.

According to Mrs. Linville, she shut the door and locked herself in the house. The men went to the front yard and waited for a long time and finally disappeared. Sheriff Cavitt could find no trace of the two strange men and could find no one except Mrs. Linville, who had seen them.

## CINCINNATI TO SEND DELEGATION

Wired Today For Rushville Dele-  
gates to Join Them to go to  
Chattanooga, Tenn.

TO FIX DIXIE HIGHWAY ROUTE

Officials of the Rush County Chamber of Commerce received a telegram today from the Cincinnati Chamber of Commerce requesting that Rush county send a delegation to Cincinnati to join the crowd from there which will leave tomorrow morning at seven o'clock, with a band, on a special train, for Chattanooga, Tenn., where the Dixie Highway Commission of fourteen members will determine definitely what the route of the proposed highway will be. It had not been expected that anyone would go from here, because if Cincinnati succeeds in winning the route from Louisville, Rushville and Brookville have already sent forward their data to show what kind of a road could be expected between Indianapolis and Cincinnati.

Dixie highway boosters here have been a bit anxious of late because the two commissioners from this state—Tom Taggart and Carl Fisher—have not seemed to take Cincinnati into consideration and have not inspected this route.

## ARE ALL READY FOR CLUB WOMEN

Rush County Committees Have Pre-  
parations Complete For Meeting  
Here Thursday And Friday.

OPEN TO GENERAL PUBLIC

Replies Received up to Present Indi-  
cate 100 Visitors Will  
Arrive Thursday.

Replies received up to this time by Mrs. Guy Abercrombie, chairman of the Rush County Federation of Clubs, indicate that there will be at least one hundred delegates and visitors here Thursday afternoon for the opening session of the eighth annual convention of the Sixth District Federation of Women's Clubs, which will take place in the auditorium of the new school building Thursday afternoon, Thursday night, and Friday all day.

Arrangements have been completed to entertain a hundred or more visiting club women Thursday afternoon and night. The lowest estimate placed on the visitors who will be here Friday is three hundred and those who are in charge of the affair are confident that the number will be greater than that.

The fact is emphasized that all sessions of the convention are open to the public and the attendance of Rushville and Rush county people is urged. There will be plenty of seats in the school auditorium and a highly entertaining program is assured for each meeting.

The convention opens at 2:30 with the club collect and at 2:35 there will be a piano duo by Miss Norma Smith and Miss Martha Hogsett. A condensed report of the activities of the committee will be made by Mrs. Walter Saxon of Falmouth. At three o'clock committees will be appointed, after which Mrs. E. B. Thomas of this city will read a history of Rush county. The annual message of the president will be delivered at 3:25 by Miss Vida Newsome, of Columbus, president of the Indiana Federation of Women's Clubs. The big function of the convention will be the informal tea at the home of Mrs. James E. Watson at four-thirty o'clock.

The Thursday evening program will open at 7:45 with music by the high school. Following the invocation by Mrs. Owen S. Hill, of Carthage, there will be a piano duet by Miss Jennie Madden and Mrs. Verl Bebout. The address of welcome for the Rush county clubs will be given by Mrs. Louis Lambert and one on behalf of the city will be given by Judge Will M. Sparks. The response will be made by Mrs. Scott Michner. Then there will be a vocal duet by Miss Helen Scott and Mrs. Carl F. Bher, followed by a reading by Miss Frances Frazee. After a solo by B. F. Miller, there will be a piano quartet by Miss Olive Buell, Mrs. Verl Bebout, Miss Alice Norris and Miss Jennie Madden and a vocal duet by Miss Norma Smith and Miss Louise Craig. The main address of the evening will be delivered by Mrs. Felix McWhirter, of Indianapolis, on the subject, "The Feminist Movement."

The morning program Friday will open with a piano duo by Miss Jessie Kitchen and Miss Norma Smith and at 9:10 the reports of the county chairmen will be heard. After a violin solo by Miss Leona Thomas, Mrs. E. K. Montgomery will speak on, "Co-operative Blind Work." ## TICKETS SELL FAST FOR MUSICAL SHOW

Thoroughly Enjoyable Performance  
is Expected of "Miss Bob  
White" Tomorrow Evening.

SCENES ARE LAID IN AMERICA

Tickets sold rapidly today for "Miss Bob White," the musical comedy which will be given by Miss Helen Scott's music class of the high school at the Graham Annex auditorium tomorrow evening at 8 o'clock. It was arranged for in haste and the rehearsals have been going forward fast so that the cast is ready for the performance now. A thoroughly creditable and enjoyable show is anticipated.

The scenes are all laid in America and the plot revolves about the wager two American millionaires lose to a count, which results in them having to make an extended tramp. They meet up with Friend Rod, a Quaker, whose quaint comments on the freakish bet of the millionaires furnish a lot of humor. Two of the acts are laid at the Quaker's home and the other on the lawn in front of the millionaire's home.

Simeon Stewart plays the part of a bashful English lord, whose father, John Norris, came over to make a fortune. Harold Wolcott is a young sailor lad who has an important part. The usual and ensemble numbers take place, as in the musical comedy. Merle Maupin will play the accompaniments.

## MISSING BOY IS LOCATED TODAY

Louis G. Stephen, Who Disappeared  
Last Friday, is Found at Home  
of His Uncle at Fairfield.

THOUGHT TO BE ON A VISIT

Louis G. Stephen, son of Mr. and Mrs. Carl Stephen, who disappeared from the home of his parents in West Eighth street, last Friday, was located today at the home of his uncle in Fairfield, Franklin county. A telephone communication to Prosecutor Stevens revealed this fact. The boy, according to the word received here, went directly to the home of his uncle and they believed that his parents knew his whereabouts until they heard the police were searching for the boy. Young Stephen will be permitted to remain for a visit. The police in all the surrounding cities had been asked to look for the boy as it was believed he had run away from home.

## WILSON PLAYS HIS TRUMP CARD

United States Uses Pressure From  
Neutral Nations to Bring Ger-  
many to Her Views.

NOTE INDORSED BY OTHERS

German and Austrian Ambassadors  
Here Urge Germany to Con-  
ciliate Washington.

BY JOHN EDWIN NEVIN.  
(U. P. Staff Correspondent.)  
Washington, May 18.—Pressure from other neutral nations is the trump card which the United States has played in an attempt to force Germany to accept her position regarding submarine warfare.

It was learned today that copies of the President's note were sent all neutrals whose citizens were lost on the Lusitania. It is reported that they have imposed the issues raised. The United States refuses to believe that the German empire wants to break with all of the remaining neutral nations. Yet if she declines to accept the position of the United States, it is held that she defies all of them who believe that their subjects have the right to go where their business calls them, in full confidence that their government will protect them.

Two significant callers in the persons of the Dutch minister and the Italian ambassador were at the state department today. Neither would discuss the object of his visit but both Italian and Dutch citizens met death when the Lusitania went down.

Officials refused to comment on the reports from Berlin and The Hague and from Amsterdam that Germany will refuse to consider the stoppage of submarine warfare. They said that only three men in the German empire, the kaiser, the imperial chancellor and the foreign minister know anything about the German intentions and that they can be expected to keep that knowledge secret until the final action is complete.

The German government has been advised to conciliate the United States.

Despite denials for "public consumption" it was learned definitely today that Count Von Bernstorff, the German ambassador and Dr. Constantin T. Duma, the Austrian ambassador, have recommended to their home governments that extreme concessions should be made to America at this time. They have reported that the president's demands are indorsed by the entire people and have pointed out that compliance with them would do more to renew American sympathy for Germany than all other efforts

The House the Red Jacket Saved

Read This Letter:

"Several years ago I called on Lane & Evans to buy a pump and they almost forced me to buy one of your Fig. 28 Red Jacket Double-Acting Force Pumps and fifty feet of hose when I only intended to buy a cheap set length pump. Mr. Lane put up such strong argument on 'fire protection' that I followed his advice and bought the Fig. 28, little thinking that it would be of any service to me in that respect.

Shortly after the pump was installed, my barn caught fire and had it not been for this pump and hose and the thoughtfulness of Mrs. Barnett, my barn, house and all buildings on the place would have been destroyed."

A street parade, which will be a veritable horse fair, is promised by the Great London Shows, which exhibits at Rushville, Friday, May 21.

The pageant will leave the grounds promptly at 10 o'clock day of the show, and follow a line of march to be announced later. First will come the World Famous Dublin Grays, the \$25,000 prize winners.

The band wagons, floats, and other paraphernalia will be drawn by 400 well-groomed, well matched dapple gray horses. The stock is all in the pink of condition. The racers are of undisputed lineage, the steeds attached to the Roman chariots are particularly beautiful, the Kentucky high school horses are the greatest equines on earth, and half a hundred Shetland ponies will delight the children.

When the show comes to this city the work of unloading will be well under way with the rising of the sun, and there is little chance of the street display being late in leaving the grounds. Already choice locations for witnessing this display are in demand, and the chances are that the street, along which the parade will go, will be lined with admiring hundreds, cheering the handsomest parade ever seen with a circus, and the Great Dublin \$25,000 Prize Team will be an unusual feature to view.

**USE COCOANUT OIL FOR WASHING HAIR**

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulstified cocoanut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulstified cocoanut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

## THOUGHTS OF AN IDLE HOUR

By Major F. W. Barber

In the heat of passion is not the time for deciding momentous questions, and especially if they involve the fate or welfare of a nation.

A wave of indignation is sweeping over this country because a foreign submarine has torpedoed and sunk a passenger ship loaded with 1,500 noncombatant women and children and men, many of whom were citizens of our own country.

In their hour of anger thousands of good men have cried out for war as a retaliatory measure.

But there comes a time when an hour of silent thought is more productive of beneficial humanitarian results than a life time of villification and abuse heaped upon other heads.

No amount of rage, no hasty action, can bring back the lives of those who went down with the Lusitania.

But sober thought and a careful examination of our own internal conditions may save the lives of many thousands of Americans now living.

Let us think before we act.

America is a nation of peace, and we ask only to be allowed to pursue an honorable course undeterrred by others.

We do not seek to dominate or even to interfere in the affairs of the old world, nor do we want to be dominated or interferred with by them.

And yet a duty confronts the government of the United States a duty which is imperative and must be met with courage and fortitude—the duty of safeguarding the lives and property of Americans on the high seas.

If that duty can be performed without involving the United States in a war with a foreign country, then it becomes the obvious duty of the president to seek a means to that end.

For deadly war should be the court of last resort.

And while the president is seek-

ing to uphold the dignity of the United States and protect our citizens without involving us in a disastrous war, it becomes our solemn duty as citizens to rally to his side, to present a united front, and to assure him of the loyal moral and material support of a nation of a hundred million souls.

Any act short of this would be unpatriotic, un-American, and unworthy of any human being who claims the Stars and Stripes as his flag.

But there is yet another way in which we as citizens may well serve our country and materially strengthen the hands of our president.

We have many naturalized citizens of German parentage in our midst, good men and true.

Let us preserve toward them a sane attitude of fairness and friendship and good will, lest hasty words create discord and strife among our own citizenship.

Let us remember that when they came to us they became citizens of our country, and as loyal citizens let us continue to regard them.

And let the gentleman of German birth rise equally to the occasion and remember that they are now American citizens, and refrain from criticism of the land of their adoption, the land which gives them food and shelter.

Then if the inevitable comes and war is forced upon us it must come to our own shores, where it will find as a united people fighting stanchly in defense of right, justice and home.

Take an idle hour, brother, and think deeply of the welfare of your country.

Dwell not upon the angry passion of today, but rather upon the higher plane of tomorrow, that the light of justice and reason may guide our footsteps in the path of honor.

And if war is forced upon us we will meet it as American manhood has met every crisis in its history.

## SULLIVAN IS MISSED BY A.A.U.

So Far None Has Been Found Who Can Successfully Fill The Place He Held For Years

Muddle Over Carnival

Publicity Regarding Dates For Tryouts is Lacking—Would be Welcome by Athletes

BY HAL SHERIDAN  
(Written for United Press.)

New York, May 18.—The strong influence that the late James E. Sullivan exercised in the affairs of the Amateur Athletic Union, over which he presided for so many years, is beginning to be missed.

The muddle over the movement to have the eastern states represented at the Panama Pacific athletic carnival in August shows that the same spirit which made A. A. U. the leading amateur sport organization in the world is now lacking. There is even no positive information available that the dates and place for the tryouts have been settled.

"Jim" Sullivan was the greatest publicity expert in the sporting world and he appreciated that to keep the enthusiasm of the amateur athletes awake their activities must be generously advertised. What's the use of working for weeks on a track or field if you don't get your name in the papers?

That's the feeling of youths who compete in Amateur sport circles and it's simply a natural human desire for recognition of good work. To keep the interests of the athletes alive plenty of press publicity is necessary and Sullivan realized it. He always worked from the standpoint of the members of the A. A. U. and this attitude accounts for the wonderful results he obtained.

The eastern tryouts should begin at least a month before the time set for the departure of the athletes who are to represent the Atlantic coast in the Pacific coast games. That means work should be under way by the middle of next month, but so far nothing definite has been done. There has not even been a good fight between the eastern cities over where the tryouts shall be held.

The only thing looking towards an argument about this is the objections of New York and Philadelphia raised to having the tryouts staged in Boston. But neither Manhattan nor the Quaker City are making any big effort to have their city designated. If Boston makes a fight for it she ought to succeed. It will mean a big saving of money for the city who is successful and the Hub probably is not overlooking anything like that.

Another big question hinging on the tryouts is the financial one, for the gate receipts of the early meet must be depended on to help pay for the expenses to the west coast. And to arouse public interest in such an event the widest publicity possible must be given to it. A big newspaper fight over where the tryouts should be held would stimulate the public interest and give the A. A. U. the advertising it needs to make the thing successful. But unless someone puts a bomb under the A. A. U. it looks like as if the proposed contest between the East and the West at the Exposition would be a one sided affair.

Amateur athletes all over the country are deeply interested in the big game to be held at Frisco in August and they would welcome news of any character about the preliminary games. Even those boys who have not a ghost of a chance of going to gigantic meet at the Fair are anxious to read about it as are contenders themselves.

This meet will be the biggest sport event in the whole world this year and has more news possibilities than anything else on the calendar. There should be a story for the papers every day. And if the A. A. U. officials desire the right kind of a story when the event takes place next August they can help make this possible by opening the news valves right now and letting off all the steam they possess.

## JUDGE HEARS TWO DIVORCE SUITS

Court Grants One of Mrs. Henry N. Waincott and Takes One Under Advisement.

SUIT FOR \$700 DISMISSED

Judge Sparks heard two divorce suits this morning, granting and taking the other under advisement. The divorce granted was to Mrs. Harriet N. Waincott from John R. Waincott. Mrs. Waincott's marriage to James E. Naden was recently annulled by the court on the ground that she had not first secured a divorce from Waincott. The defendant did not appear in court. Mrs. Waincott's maiden name, Harriet N. Garnett was restored by order of the court and the divorce decree was to be entered upon payment of the costs.

The other divorce case was that of Bertha M. Smith against Walter S. Smith. They reside near Manila and according to the testimony both stated they could no longer live together. The question of the custody of the children bothered the court, and he took the case under advisement.

The case of Ross Logan against Mary and Martin Coyne on a note, demanding \$700 was dismissed by the plaintiff and the costs paid.

## THOUSANDS SEE NAVAL REVIEW

Watch President Wilson Inspect Atlantic Fleet in New York Harbor—on Board Mayflower.

"BATTLE GAME" OFF NEWPORT

War Practice to Last Until May 30 Then Preparations Will be Made For Cruise to Frisco

(By United Press.)

New York, May 18.—Riverside Drive was packed with thousands today, assembled on the bluffs above the North River to watch President Wilson, on the yacht Mayflower, accompanied by Secretary of the Navy Daniels and other notables, review the battleships of the Atlantic fleet, numbering more than 70 vessels.

The Mayflower, which was anchored at 72d street, steamed up the river at 10 o'clock this morning passing each vessel where the "jackies" on deck were drawn up at "attention" and every officer was clad in the blue and gold uniform of the Navy. The Mayflower was accompanied by the naval yacht Dolphin. After passing up the River to about 125th street, the Mayflower turned and passed down beside the fleet again anchoring at 72d street at the conclusion of the review.

At four o'clock this afternoon the President reviewed the Atlantic fleet as it passed out to sea, after a days stay in New York. After the fleet had disappeared through the Narrows, the Mayflower followed and planned to return immediately to Washington.

From New York the great American fleet will assemble off Newport for a "battle game." War practice will last until May 30 when the ships will depart to their home yards to be overhauled before their long cruise through the Panama canal to the San Francisco Exposition. The fleet is scheduled to assemble at Hampton Roads on June 21 and to sail for the Canal Zone 25. It is planned to celebrate Fourth of July at Colon.

### TODAY'S ODDEST STORY.

(By United Press.)

Boston, May 18.—The "nerviest" female seen in years at Harvard, took a seat in the gallery of the dining hall, in full view of the 500 diners evidently unaware of the boys' aversion to the presence of women. Rapping, followed by shouts to disturb her, but upon being informed by a flurried waiter that she was the cause of the rumper she rose, clamorously surveyed the scene and made a low bow to the howling crowd. Then she deliberately strolled out.

I feel that I ought to tell what I know about Swamp-Root and what it has done for me. I was down and out and had to quit work in 1906. I only weighed 135 pounds. The doctor said I had Kidney trouble in the worst form, and my liver was out of order; and I had Rheumatism so badly I could not get around. One day I picked up an Almanac and saw your advertisement, and it fit my case exactly. I got a one dollar bottle and took it and when it was gone I felt so much better that I bought five more bottles of Dr. Kilmer's Swamp-Root and I was a well man; my weight increased until I weigh 219 pounds. I am 65 years old and I am feeling fine and work every day. I have three men who knew me when I had to quit work in the Mill in 1906, and who will make affidavit to my present health. If you want to use the above statements as my testimonials, you have my consent. Yours very truly,

SALTS FINE FOR  
ACHING KIDNEYS

We eat too much meat, which clogs  
Kidneys, then Back hurts and  
Bladder bothers you.

Most folks forget that the kidneys,  
like the bowels, get sluggish and clogged  
and need a flushing occasionally, else we  
have backache and dull misery in the  
kidney region, severe headaches, rheu-  
matic twinges, torpid liver, acid stomach,  
sleeplessness and all sorts of bladder dis-  
orders.

You simply must keep your kidneys  
active and clean, and the moment you  
feel an ache or pain in the kidney  
region, get about four ounces of Jad  
Salts from any good drug store here,  
take a tablespoonful in a glass of water  
before breakfast for a few days and  
your kidneys will then act fine. This  
famous salts is made from the acid of  
grapes and lemon juice, combined with  
lithia, and is harmless to flush clogged  
kidneys and stimulate them to normal  
activity. It also neutralizes the acids  
in the urine so it no longer irritates,  
thus ending bladder disorders.

Jad Salts is harmless; inexpensive;  
makes a delightful effervescent lithia-  
water drink which everybody should take  
now and then to keep their kidneys clean,  
thus avoiding serious complications.

A well-known local druggist says he  
sells lots of Jad Salts to folks who believe  
in overcoming kidney trouble while it is  
only trouble.

Los Angeles Policewoman Says It  
Is Woman's Place to Handle  
Cases Involving Girls

TEMPTATION IS TOO GREAT

Tells Delegates at National Confer-  
ence Some of Her Experiences  
Much Good Accomplished

(By United Press.)

Baltimore, Md., May 18.—“Men  
officers have a right to exemption  
from what may be a constant tempta-  
tion to the weak” declared Mrs. Alice  
Stebbins Welis, policewoman of Los  
Angeles, in a important paper read  
before the National Conference of  
Charities and Correction. The wom-  
an “cop” from the Pacific coast told  
the assembled delegates some straight  
truths about handling of girls and  
women of the street.

Woman officers can accomplish  
more than policemen, said the speak-  
er, “for the best officers are the most  
reluctant to undertake the handling  
of girls, and will sometimes resign  
in preference.”

“I recall one instance reported of  
a young girl who was a menace to  
both girls and boys throughout all  
her neighborhood,” said Mrs. Welis.  
“Two of us went and talked to her  
and her mother about the career up-  
on which she had entered; told her to  
get a pattern and make her own  
dresses. We further instructed her  
not to go out on the streets at night  
except with her father or mother—an  
injunction which the officer on the  
beat later assured me was being  
obeyed; but I fear we found her a  
little too late for very hopeful re-  
sults.”

“In another case a father reported  
that his daughter had threatened  
to leave home and he wished us to  
prevent her. We found she was do-  
ing all the house work, including the  
family washing. Her young sweet-  
heart, honorable and considerate, saw  
the drain upon her strength which  
her father did not, and was paying  
72 cents a week to hire the washing  
done, unknown to her father. Our  
policewoman labored with the father  
for days before he consented to buy  
a neat pair of shoes and a simple  
dress that the girl might go to Sun-  
day school on Easter Sunday, un-  
shamed.”

FALLING HAIR OR  
ITCHING SCALP

Now that Parisian Sage—an in-  
expensive preparation that supplies  
every hair and scalp need—can be  
had from Johnson's Drug Store, it  
is certainly needless to have thin,  
brittle, matted, stringy faded hair.  
No matter how unsightly your hair,  
how badly it is falling, or how much  
dandruff, Parisian Sage is all that  
is needed. Every trace of dandruff  
is removed with one application, the  
hair roots are nourished and stimu-  
lated to grow new hair, itching scalp  
and falling hair ceases.

Parisian Sage is certainly one of  
the most invigorating tonics, and  
will surely make your hair soft,  
abundant and radiant with life and  
beauty.

INCOME TAX ACT  
IS OBJECTIONAL

American Bar Association Passes  
Unfavorable Comment on One  
of Foremost Statutes.

OF WILSON ADMINISTRATION

Verdict is Severe Arraignment of  
Careless, Haphazard Methods  
of Legislating.

Washington, D. C., May 18.—  
“Apart from specific defects, the  
structure of the act as a whole is  
open to the gravest objection.”

The criticism above quoted refers  
to the income tax law, passed by the  
Democratic Congress as a part of  
the tariff bill. It is taken from the  
report of the Taxation Committee of  
the American Bar Association. That  
report was non-partisan, made  
merely for the purpose of having the  
law improved from a formal and  
technical point of view. It was an  
extended, exhaustive and scientific  
analysis, conducted by men of the  
highest standing in the legal profes-  
sion. Their conclusions therefore  
may be regarded as fair and impar-  
tial.

Their verdict is a severe arraignment  
of the careless, haphazard  
methods employed by the present  
administration in the enactment of  
one of its most important laws.

In this report on the income tax  
law there are pointed out no less  
than twenty-five manifest imperfec-  
tions demanding correction by Con-  
gress. Without amendment it is  
said that the intent of the law can  
be reached only by judicial inter-  
pretation involving tedious, expen-  
sive litigation.

With reference to provisions for  
the return that tax payers must  
make, the report declares:

“It is most unfortunate that  
there should be any doubt as to  
what this precise duty is. Here, if  
anywhere, the law should be clear  
and explicit. The provisions should  
be placed together in intelligible  
terms, instead of being scattered, in-  
volved with other provisions and  
phrased in obscure language as they  
now are. The act conveys the im-  
pression that the farmers had not  
reached any definite conclusions in  
their own minds concerning the re-  
quirement of personal returns.”

With no thought of making politi-  
cal capital this report specifically  
outlines the one weakness that domi-  
nates the legislative methods of the  
present administration, saying:

“Political exigencies demanded  
the speedy enactment of the law,  
and there was not sufficient time for  
the consideration of detail.”

Finally this Committee of the  
American Bar Association recom-  
mends a revision of the law that  
shall “extend to its form as well as  
to its substance.”

“The entire act should be recon-  
structed,” concludes their report,  
“and there should be placed upon  
the statute books an income tax law  
so arranged and expressed as to be  
convenient for reference, consistent  
in all its parts and capable of being  
understood by a citizen of average  
intelligence.”

There is no good reason for the  
flagrant imperfections in the income  
tax law. They could have been cor-  
rected by thoughtful, intelligent con-  
sideration, and their frequent oc-  
currence in the act is still further  
proof of the needless haste, care-  
less and inaccuracy that character-  
izes the enactment of laws by the  
Democratic Congress.

Eugenic Marriages.

Will insure to this country a  
healthier and more intelligent “fam-  
ily of the future” and many a wo-  
man, obviously unfit for marriages,  
has had her health restored by the  
timely use of Lydia E. Pinkham's  
Vegetable Compound, the most suc-  
cessful remedy for female ills the  
world has ever known. Enormous  
quantities of roots and herbs are  
used annually in making this good  
old-fashioned remedy and no wo-  
man who suffers from female ills  
should lose hope until she has tried it.

VOTERS DECIDE  
TWO BIG ISSUES

Single Tax And Prohibition Over-  
shadowed Others at Denver  
Election Held Today

CITY IS NORMALLY “WET”

Liquor Forces Hope to Keep Saloons  
Even if Rest of State is “Dry”  
Litigation Promised

(By United Press.)

Denver, Colo., May 18.—Single tax  
and prohibition were issues decided  
in a municipal election today after  
a bitter campaign. The single tax  
amendment seemed certain to defeat.

The liquor issue came up under an  
amendment providing that Denver  
shall stay “wet” after the remainder  
of the state goes “dry” next Janu-  
ary. A provision of the state con-  
stitution giving Denver home rule  
was the hope of liquor interests but  
the anti-saloon league promised to  
carry the question into the courts  
again, the supreme court having de-  
clared that state liquor laws are  
enforceable in municipalities. Further  
litigation is just what the Denver  
“wets” desire, hoping that an injunc-  
tion will permit them to do business  
even after the state goes dry in Janu-  
ary.

Denver is normally in favor of  
saloons, a 10,000 “wet” majority be-  
ing returned in this city when Colo-  
rado was voted dry last Fall.

Eight other amendments and three  
city offices were purely local issues.  
Woman have tried to back a single  
woman candidate for commissioner of  
social welfare but the election of a  
woman today was doubtful.

Rheumatic Victims

Johnson's Drug Store's No-Cure No  
Pay Offer Attracts Many Suf-  
ferers to Test Rheuma.

If Rheuma, the wonderful pre-  
scription for rheumatism sold by  
Johnson's Drug Store and all drug-  
gists, does not cure any purchaser,  
the druggist will return your money  
without any red tape.

Rheumatism is a dangerous dis-  
ease; because of its shifting na-  
ture it often strikes the heart and  
proves fatal. Any one with even a  
taint of rheumatism ought to drive  
it out as soon as possible.

Rheumatism is caused by slug-  
gish, worn-out or over-worked kid-  
neys, which become clogged and  
fail to eliminate the impurities from  
the system.

Rheuma acts promptly and  
directly upon the kidneys; it  
cleanses them; it absolutely reno-  
vates and leaves them in perfect  
condition, able to do the work na-  
ture intended they should do. 50c

## HOLDS GERMANY IS RESPONSIBLE

Col. Weaver, Former Consul-General To Vienna, Says International Law Was Violated

REFERS TO TREATY OF PARIS

States That Notice of Warning Showed Policy to Dictate To The United States

(By United Press.)  
Greencastle, Ind., May 18.—Col. James Riley Weaver, former consul-general to Vienna, now professor of political science at DePauw University states today after a careful study of the sinking of the Lusitania and the torpedoing of Gul Flight that he believed Germany responsible in both instances.

BY COL. JAMES RILEY WEAVER. (Former Consul-General to Vienna)  
Under the Treaty of Paris of 1856, which was signed by England, Prussia, France, Italy, Turkey, Russia, Japan and the German Confederacy, is an infringement of any sovereign's rights to capture a merchant ship without first investigating its cargo. The Paris document states specifically that neutral goods, except contraband of war, is immune from capture by a belligerent, whether the ship it is on be the ship of an enemy or a neutral country.

In the case of the Lusitania, I hold that Germany has committed a serious violation of international law, because of the fact that it destroyed American cargo without first investigating as to whether or not this cargo was contraband of war. The Paris Treaty did not include any reference to sinking a merchantman and it seems, to me, clearly evident that because of this fact Germany overstepped her limits by destroying the neutral cargo without first attempting investigation.

The mere fact that official notices were published in American newspapers previous to the departure of the Lusitania, fore-warning all Americans not to take passage on this vessel, is nothing short of an infringement of the United States' sovereignty. Had American citizens remained off the Lusitania it would have been a recognition of Germany's power to dictate to the United States.

Taking into consideration the matter of international law, other than the provisions set forth in the Treaty of Paris, a belligerent can only detain a private vessel, take it into port, examine the cargo, and upon an order from court of the country confiscate the vessel and cargo.

The submarine cannot very well be used to meet the requirements of international law.

During the time of war the rights of a neutral country cannot be diminished. No belligerent can modify neutral rights, and Germany's notices to American citizens advising them to remain off the Lusitania was clearly an attempt to do this, since a hostile flag does not make innocent goods hostile other than a contraband of war. To me Germany has committed a serious crime and I believe that she will pay the penalty, in form of an indemnity ultimately, as she is now suffering the condemnation of public opinion.

## DEMOCRATS IN A FACTIONAL ROW

Lots of Fuel Has Been Added to Flames in Indiana Politics in the Last Few Days.

SOME HOT SHOTS EXCHANGED

Bitter Reply of Homer Cook to John R. Jones is One of Sensational Developments.

Indianapolis, Ind., May 18.—The bitter reply of Homer Cook, the Democratic secretary of state, to the caustic criticism of John R. Jones, and the refusal of the Jackson Club of Lafayette to indorse the candidacy of J. Kirby Risk—a home man—for the Democratic nomination for governor, has added a big bundle of fuel to the factional flame that is raging in the camp of Indiana democracy. The contest between Taggart and the anti-Taggart forces is to be staged in every congressional district in the state and even at this early date it is plain that the contests are to be bitter and that there will be no compromise. It is "rule or ruin" with both factions.

The anti-Taggart factionists are pleased to call themselves "forward lookers" and Wilson-Bryan Democrats but neither one of these terms are used by the Taggart factionists in referring to their opposition. Up at Plymouth last week John R. Jones, one of the self constituted forward looking leaders, broke loose and denounced Cook and other leading democratic workers in harsh terms. Cook, for the organization, replied to Jones and his remarks have thrown Jones and his associates into a frenzy. Risk, another of the forward looking leaders, is being urged to become the candidate of his noisy clique for the democratic nomination for governor, but his boom was given a rude set back when the Jackson Club of his home city refused to indorse him and intimations were forthcoming from regular organization sources that Risk was not even a Democrat.

The "forward lookers" are at last beginning to realize what the Taggart crowd did to them on the occasion of Redfield's visit to Indianapolis recently, and this knowledge has tended to increase their bitterness toward the Taggart forces. It will be recalled that on that occasion John W. Holtzman, another one of the forward looking leaders, was chosen to preside. When the Taggart outfit realized that the Redfield meeting was to be a huge fizzle, it is said that the word was passed around for organization men to stay away and let Holtzman and his gang "hold the bag" and take the blame for the failure of the meeting. Taggart did not show up at the Redfield meeting; Joe Bell was not there and other organization workers were conspicuous by their absence. Even Governor Ralston did not arrive until after the meeting began and he occupied a seat in the balcony instead of mingling with Holtzman and the few other onlookers who were on the stage.

It had been announced with great acclaim, before the Redfield meeting that this was to be the first of a series of banquets and jollification meetings to be held in every congressional district of the state. Kern and his close personal followers had become alarmed at the remarkable and unusual activity of Indiana Republicans as evidenced by the largely attended meetings that had been held in every section of the state and they had come to the conclusion that the thing for them to do was to "follow suit" without wasting any more time. However, the Redfield meeting opened their eyes and dampened their enthusiasm. What has become of those proposed democratic meetings in the various congressional districts of the state? The lack of public interest in anything democratic was apparent even to Kern with the ultimate result that work on the proposed schedule of meetings ceased with the pulling off of the Redfield fiasco. The next day after Redfield appeared here, Kern, it was announced, left Indiana to remain until fall. This was startling news in political circles, especially since Kern, before

the adjournment of Congress, had sent word that he intended to spend the present summer running over Indiana visiting "the boys." Possibly Kern, after the Redfield fizzle, came to the conclusion that there was no great demand among the voters of Indiana to see him or hear him or any other man who might, for one reason or another be called on to preach the gospel of discredited democracy.

The war of extermination in the democratic camp is expected to increase in intensity and ferocity as the days go by. The leaders of both factions, it is stated, realize fully that Indiana will return to the Republican column next year but neither side intends to allow the other to enjoy the empty satisfaction of having a hand in fixing the organization or naming a ticket. That's why there will be no chance of a compromise or a truce in this battle between the "ins" and "outs" among the Indiana democratic politicians.

## FIGHT STARTS TO REMODEL TRAFFIC

Petition Containing 3,000 Names in Which City is Asked to Provide Loop District.

"MERCHANT RING" TO FIGHT

(By United Press.)

Indianapolis, Ind., May 18.—When a delegation of citizens scheduled to meet with city officials today unrolls petitions bearing the names of more than 3,000 citizens, the fight to remodel the traffic of downtown Indianapolis will begin. The new plan is to make a loop district, somewhat similar to that in Chicago, about which the street cars would travel, thus avoiding the extreme congestion now common in the heart of the city.

The plan, it is understood, will be fought by the "merchant ring," as some have called the powerful merchants on Washington street between Illinois and Pennsylvania streets. As the cars now move, every one must pass Illinois and Washington streets. For that reason, a large majority pass in front of the stores owned by these merchants.

The loop as now suggested would be inclosed by New York street on the north, Capitol avenue on the West, Georgia on the south and Delaware street on the east.

## Selling Is MORE than Trading Stock for Money!

Selling is part of the scheme of business. Most anyone can sell once, but selling so you can create permanent customers is selling successfully. That is why we carry the large stock of buggies we have on our sample floor for prospective customers or purchasers to make their selections from. They don't have to take something they don't want, as we carry every style of buggy that there is a demand for. Then after the customer has made his selection from our stock we tell him exactly what the buggy is and it has to be just as we represent it or we make it that way. The customer takes no chances. He is sure to get just what he pays for. ONE sale reduces itself to a confidence game unless the buyer is perfectly satisfied. Satisfaction sends a customer away with a smile that won't come off. That is why our buggy business has grown. We have found out how to hold customers after we get them and every satisfied customer is bound to bring a new customer sooner or later. Right now our stock of buggies is complete and if you are needing a buggy come in and make your selection. We have the style you want and we would be glad to have you for one of our satisfied customers. We know you will be glad when you give us your vehicle business, so do it now.

## WILL REFUSE TO YIELD TO WILSON

Reliable Reports Are That Kaiser Will Not Agree to Change Submarine War Policy.

### AS AMERICA HAS REQUESTED

Full Responsibility For Lusitania Loss to be Thrown on England and United States.

(By United Press.)  
Amsterdam, May 18.—Germany's answer to the American note will be forwarded to Washington on Thursday, according to the best information obtainable here from Berlin. It is reliably reported that the kaiser will refuse to yield to President Wilson's request that Germany change her policy of submarine warfare.

The German reply will be of most polite words. But it will declare that Germany must continue her submarine warfare and will express the hope that America will not fail to understand that the German government owes it to the people of the fatherland to combat the enemy with all the weapons at her command.

The striking of the Lusitania will not be disavowed. Germany will throw full responsibility for the heavy losses of life upon England and upon the American authorities who permitted Americans to go aboard a vessel knowing she was laden with explosives. The German answer will quote from the German admiral's official statement that only one torpedo was shot against the liner and that the explosion of her ammunition cargo caused her to founder at once.

## CITY ASKS FOR AN INJUNCTION

Files Suit in Circuit Court Here to  
Stop Order Raising Rates of  
Local Gas Companies.

## OLD ORDINANCE REFERRED TO

Likely Cases Will go to Higher Court  
to Test Public Service Com-  
mission Act.

Two suits against the Public Service Commission asking that the recent order authorizing the increase in gas rates or the Central Fuel company and the Peoples Natural Gas Company be set aside and for an injunction were filed this afternoon by the City of Rushville through Kiplinger and Smith.

Practically the same things are alleged in each complaint and the gas companies are named separately in each suit. In each case the old ordinances under which the gas companies were permitted to lay mains and do business in Rushville were made parts of the complaints. The injunction suits allege that the order of the commission is excessive and unlawful. They are, for the most part, practically the same as the petition filed by the city with the Public Service Commission asking for a hearing on the petition for an increase in rates.

In the complaints it is pointed out that both companies were doing business here under an ordinance and franchises granted by the city council. In the franchise it was stated that the companies were to charge for gas at the rate of fifteen cents a thousand cubic feet. The new schedule, it is pointed out in the complaint, calls for a charge of forty cents for the first 10,000 cubic feet and over that amount it is to be thirty cents a thousand.

The complaint states that the commission had a hearing on the petition for an increase in rates and on March 20th granted the petition filed by the gas companies, authorizing the rate to become effective on and after April 1, 1915. In making the finding, the complaint states that the commission found that the rate of fifteen cents was insufficient and that the gas companies should be allowed to charge the forty cent rate. The City of Rushville alleges in the two complaints that the rate and schedule put in force by the Public Service Commission are unreasonable and unlawful. It is further alleged that the Public Service Commission is without power and authority to change, modify or in any way effect the rates as fixed and determined by the ordinances and franchises granted to the gas companies by the city. The court is asked to enjoin and set aside the order and to vacate the companies from enforcing the new rate.

These two suits were not unexpected as the city threatened to file them some time ago. It is more than likely that these two suits will go to the higher court in an effort to determine the constitutionality of the law creating the Public Service Commission.

Sheriff Cavitt was called to the home of Cicero Linville near Henderson, early this morning to look for two strange colored men alleged to have frightened Mrs. Linville when they demanded that she feed them. According to the story told the sheriff, the two men appeared at the Linville home late yesterday evening while Mrs. Linville was alone. They demanded something to eat and when she told them there was nothing prepared they drew revolvers and threatened to kill her.

According to Mrs. Linville, she shut the door and locked herself in the house. The men went to the front yard and waited for a long time and finally disappeared. Sheriff Cavitt could find no trace of the two strange men and could find no one except Mrs. Linville, who had seen them.

## CINCINNATI TO SEND DELEGATION

Wired Today For Rushville Dele-  
gates to Join Them to go to  
Chattanooga, Tenn.

## TO FIX DIXIE HIGHWAY ROUTE

Officials of the Rush County Chamber of Commerce received a telegram today from the Cincinnati Chamber of Commerce requesting that Rush county send a delegation to Cincinnati to join the crowd from there which will leave tomorrow morning at seven o'clock, with a band, on a special train, for Chattanooga, Tenn., where the Dixie Highway Commission of fourteen members will determine definitely what the route of the proposed highway will be. It had not been expected that anyone would go from here, because if Cincinnati succeeds in winning the route from Louisville, Rushville and Brookville have already sent forward their data to show what kind of a road could be expected between Indianapolis and Cincinnati.

Dixie highway boosters here have been a bit anxious of late because the two commissioners from this state—Tom Taggart and Carl Fisher—have not seemed to take Cincinnati into consideration and have not inspected this route.

## ARE ALL READY FOR CLUB WOMEN

Rush County Committees Have Pre-  
parations Complete For Meeting  
Here Thursday And Friday.

## OPEN TO GENERAL PUBLIC

Replies Received up to Present Indi-  
cate 100 Visitors Will  
Arrive Thursday.

Replies received up to this time by Mrs. Guy Abercrombie, chairman of the Rush County Federation of Clubs, indicate that there will be at least one hundred delegates and visitors here Thursday afternoon for the opening session of the eighth annual convention of the Sixth District Federation of Women's Clubs, which will take place in the auditorium of the new school building Thursday afternoon, Thursday night, and Friday all day.

Arrangements have been completed to entertain a hundred or more visiting club women Thursday afternoon and night. The lowest estimate placed on the visitors who will be here Friday is three hundred and those who are in charge of the affair are confident that the number will be greater than that.

The fact is emphasized that all sessions of the convention are open to the public and the attendance of Rushville and Rush county people is urged. There will be plenty of seats in the school auditorium and a highly entertaining program is assured for each meeting.

The convention opens at 2.30 with the club collect and at 2.35 there will be a piano duo by Miss Norma Smith and Miss Martha Hogsett. A condensed report of the activities of the committee will be made by Mrs. Walter Saxon of Falmouth. At three o'clock committees will be appointed, after which Mrs. E. B. Thomas of this city will read a history of Rush county. The annual message of the president will be delivered at 3.25 by Miss Vida Newcome, of Columbus, president of the Indiana Federation of Women's Clubs. The big function of the convention will be the informal tea at the home of Mrs. James E. Watson at four-thirty o'clock.

The Thursday evening program will open at 7.45 with music by the high school. Following the invocation by Mrs. Owen S. Hill, of Carthage, there will be a piano duet by Miss Jennie Madden and Mrs. Verl Bebout. The address of welcome for the Rush county clubs will be given by Mrs. Louis Lambert and one on behalf of the city will be given by Judge Will M. Sparks. The response will be made by Mrs. Scott Michner. Then there will be a vocal duet by Miss Helen Scott and Mrs. Carl F. Bher, followed by a reading by Miss Frances Frazee. After a solo by B. F. Miller, there will be a piano quartet by Miss Olive Buell, Mrs. Verl Bebout, Miss Alice Norris and Miss Jennie Madden and a vocal duet by Miss Norma Smith and Miss Louise Craig. The main address of the evening will be delivered by Mrs. Felix McWhirter, of Indianapolis, on the subject, "The Feminist Movement."

The morning program Friday will open with a piano duo by Miss Jessie Kitchen and Miss Norma Smith and at 9.10 the reports of the county chairmen will be heard. After a violin solo by Miss Leona Thomas, Mrs. E. K. Montgomery will speak on, "Co-operative Blind Work." At 9.50 there will be a vocal solo by Miss Helen Gause of Carthage and at 10.10 the report of the district secretary-treasurer will be heard. At 10.30 the committee reports will be heard.

## TICKETS SELL FAST FOR MUSICAL SHOW

Thoroughly Enjoyable Performance  
is Expected of "Miss Bob  
White" Tomorrow Evening.

## SCENES ARE LAID IN AMERICA

Tickets sold rapidly today for "Miss Bob White," the musical comedy which will be given by Miss Helen Scott's music class of the high school at the Graham Annex auditorium tomorrow evening at 8 o'clock. It was arranged for in haste and the rehearsals have been going forward fast so that the cast is ready for the performance now. A thoroughly creditable and enjoyable show is anticipated.

The scenes are all laid in America and the plot revolves about the wager two American millionaires lose to a count, which results in them having to make an extended tramp. They meet up with Friend Rod, a Quaker, whose quaint comments on the freakish bet of the millionaires furnish a lot of humor. Two of the acts are laid at the Quaker's home and the other on the lawn in front of the millionaire's home.

Simeon Stewart plays the part of a bashful English lord, whose father, John Norris, came over to make a fortune. Harold Woleott is a young sailor lad who has an important part. The usual and ensemble numbers take place, as in the musical comedy. Merle Maupin will play the accompaniments.

A telephone communication to Prosecutor Stevens revealed this fact. The boy, according to the word received here, went directly to the home of his uncle and they believed that his parents knew his whereabouts until they heard the police were searching for the boy. Young Stephen will be permitted to remain for a visit. The police in all the surrounding cities had been asked to look for the boy as it was believed he had run away from home.

United States Uses Pressure From  
Neutral Nations to Bring Ger-  
many to Her Views.

## NOTE INDORSED BY OTHERS

German and Austrian Ambassadors  
Here Urge Germany to Con-  
ciliate Washington.

BY JOHN EDWIN NEVIN.  
(U. P. Staff Correspondent.)

Washington, May 18.—Pressure from other neutral nations is the trump card which the United States has played in an attempt to force Germany to accept her position regarding submarine warfare.

It was learned today that copies of the President's note were sent all neutrals whose citizens were lost on the Lusitania. It is reported that they have imposed the issues raised. The United States refuses to believe that the German empire wants to break with all of the remaining neutral nations. Yet if she declines to accept the position of the United States, it is held that she defies all of them who believe that their subjects have the right to go where their business calls them, in full confidence that their government will protect them.

Two significant callers in the persons of the Dutch minister and the Italian ambassador were at the state department today. Neither would discuss the object of his visit but both Italian and Dutch citizens met death when the Lusitania went down.

Officials refused to comment on the reports from Berlin and The Hague and from Amsterdam that Germany will refuse to consider the stoppage of submarine warfare. They said that only three men in the German empire, the kaiser, the imperial chancellor and the foreign minister know anything about the German intentions and that they can be expected to keep that knowledge secret until the final action is complete.

The German government has been advised to conciliate the United States.

Despite denials for "public consumption" it was learned definitely today that Count Von Bernstorff, the German ambassador and Dr. Constantin T. Duma, the Austrian ambassador, have recommended to their home governments that extreme concessions should be made to America at this time. They have reported that the president's demands are indorsed by the entire people and have pointed out that compliance with them would do more to renew American sympathy for Germany than all other efforts.

## \$3000.00 FIRE PREVENTED

### Read This Letter:

"Several years ago I called on Lane & Evans to buy a pump and they almost forced me to buy one of your Fig. 23 Red Jacket Double-Acting Force Pumps and fifty feet of hose when I only intended to buy a cheap set length pump. Mr. Lane put up such strong argument on 'fire protection' that I followed his advice and bought the Fig. 23, little thinking that it would be of any service to me in that respect.

Shortly after the pump was installed, my barn caught fire and had it not been for this pump and hose and the thoughtfulness of Mrs. Barnett, my barn, house and all buildings on the place would have been destroyed."

#### Commencement Week.

The time has come again when the community becomes patron to the high school graduate. We fear the people are too often slothful in responding to the efforts of the school officials and students to interest the community in their work. The high school, as well as the public schools as a whole, is a big investment of the community's and is worthy of more time and attention from those who should be directly interested in it. The commencement week festi-

#### USE COCOANUT OIL FOR WASHING HAIR

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulsed coconut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulsed coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

## THOUGHTS OF AN IDLE HOUR

By Major F. W. Barber

In the heat of passion is not the time for deciding momentous questions, and especially if they involve the fate or welfare of a nation.

A wave of indignation is sweeping over this country because a foreign submarine has torpedoed and sunk a passenger ship loaded with 1,500 noncombatant women and children and men, many of whom were citizens of our own country.

In their hour of anger thousands of good men have cried out for war as a retaliatory measure.

But there comes a time when an hour of silent thought is more productive of beneficial humanitarian results than a life time of villification and abuse heaped upon other heads.

No amount of rage, no hasty action, can bring back the lives of those who went down with the Lusitania.

But sober thought and a careful examination of our own internal conditions may save the lives of many thousands of Americans now living.

Let us think before we act.

America is a nation of peace, and we ask only to be allowed to pursue an honorable course undeterred by others.

We do not seek to dominate or even to interfere in the affairs of the old world, nor do we want to be dominated or interfered with by them.

And yet a duty confronts the government of the United States a duty which is imperative and must be met with courage and fortitude—the duty of safeguarding the lives and property of Americans on the high seas.

If that duty can be performed without involving the United States in a war with a foreign country, then it becomes the obvious duty of the president to seek a means to that end.

For deadly war should be the court of last resort.

And while the president is seek-

When many of these mounds were opened a number of human skeletons were unearthed. Specimens of cloth showed that the Mound Builders were skilled in the arts of spinning and weaving. It has been found that the earliest inhabitants were more skilled than the Indians who succeeded them to possession of the wilderness, now Indiana.

Itching skin, ugly eruptions, scaly scalp, Eczema and its allied diseases all yield instantly to the soothing influence of the mild, simple wash, the D.D.D. Prescription for Eczema.

From our experience with skin sufferers, we are convinced that skin disease is caused by germs beneath the outer skin that spread and multiply until they become a mass of gnawing animals. D.D.D., a penetrating liquid,

destroys these germs and washes them away, thereby relieving that awful itch immediately. A 50c bottle will prove this much to you.

We are so confident that D.D.D. can reach all cases, that we offer you the first full size bottle on the guarantee that if it fails to do as we say, we will refund the purchase price. You alone to judge. D. D. D. Soap aids in keeping the skin pure; ask us.

## SULLIVAN IS MISSED BY A.A.U.

**So Far None Has Been Found Who Can Successfully Fill The Place He Held For Years**

**Muddle Over Carnival**

**Publicity Regarding Dates For Tryouts is Lacking—Would be Welcome by Athletes**

BY HAL SHERIDAN  
(Written for United Press.)

New York, May 18.—The strong influence that the late James E. Sullivan exercised in the affairs of the Amateur Athletic Union, over which he presided for so many years, is beginning to be missed.

The muddle over the movement to have the eastern states represented at the Panama Pacific athletic carnival in August shows that the same spirit which made A. A. U. the leading amateur sport organization in the world is now lacking. There is even no positive information available that the dates and place for the tryouts have been settled.

"Jim" Sullivan was the greatest publicity expert in the sporting world and he appreciated that to keep the enthusiasm of the amateur athletes awake their activities must be generously advertised. What's the use of working for weeks on a track or field if you don't get your name in the papers?

That's the feeling of youths who compete in Amateur sport circles and it's simply a natural human desire for recognition of good work. To keep the interests of the athletes alive plenty of press publicity is necessary and Sullivan realized it. He always worked from the standpoint of the members of the A. A. U. and this attitude accounts for the wonderful results he obtained.

The eastern tryouts should begin at least a month before the time set for the departure of the athletes who are to represent the Atlantic coast in the Pacific coast games. That means work should be under way by the middle of next month, but so far nothing definite has been done. There has not even been a good fight between the eastern cities over where the tryouts shall be held.

The only thing looking towards an argument about this is the objection of New York and Philadelphia raised to having the tryouts staged in Boston. But neither Manhattan nor the Quaker City are making any big effort to have their city designated. If Boston makes a fight for it she ought to succeed. It will mean a big saving of money for the city who is successful and the Hub probably is not overlooking anything like that.

Another big question hanging on the tryouts is the financial one, for the gate receipts of the early meet must be depended on to help pay for the expenses to the west coast. And to arouse public interest in such an event the widest publicity possible must be given to it. A big newspaper fight over where the tryouts should be held would stimulate the public interest and give the A. A. U. the advertising it needs to make the thing successful. But unless someone puts a bomb under the A. A. U. it looks like as if the proposed contest between the East and the West at the Exposition would be a one sided affair.

Amateur athletes all over the country are deeply interested in the big game to be held at Frisco in August and they would welcome news of any character about the preliminary games. Even those boys who have not a ghost of a chance of going to gigantic meet at the Fair are anxious to read about it as are contenders themselves.

This meet will be the biggest sport event in the whole world this year and has more news possibilities than anything else on the calendar. There should be a story for the papers every day. And if the A. A. U. officials desire the right kind of a story when the event takes place next August they can help make this possible by opening the news valves right now and letting off all the steam they possess.

## JUDGE HEARS TWO DIVORCE SUITS

**Court Grants One of Mrs. Henry N. Wainseott and Takes One Under Advisement.**

**SUIT FOR \$700 DISMISSED**

Judge Sparks heard two divorce suits this morning, granting and taking the other under advisement. The divorce granted was to Mrs. Harriet N. Wainseott from John R. Wainseott. Mrs. Wainseott's marriage to James E. Naden was recently annulled by the court on the ground that she had not first secured a divorce from Wainseott. The defendant did not appear in court. Mrs. Wainseott's maiden name, Harriet N. Garnett was restored by order of the court and the divorce decree was to be entered upon payment of the costs.

The other divorce case was that of Bertha M. Smith against Walter S. Smith. They reside near Manila and according to the testimony both stated they could no longer live together. The question of the custody of the children bothered the court, and he took the case under advisement.

The case of Ross Logan against Mary and Martin Coyne on a note, demanding \$700 was dismissed by the plaintiff and the costs paid.

## THOUSANDS SEE NAVAL REVIEW

**Watch President Wilson Inspect Atlantic Fleet in New York Harbor—on Board Mayflower.**

**"BATTLE GAME" OFF NEWPORT**

**War Practice to Last Until May 30 Then Preparations Will be Made For Cruise to Frisco**

(By United Press.)

New York, May 18.—Riverside Drive was packed with thousands today, assembled on the bluffs above the North River to watch President Wilson, on the yacht Mayflower, accompanied by Secretary of the Navy Daniels and other notables, review the battleships of the Atlantic fleet, numbering more than 70 vessels.

The Mayflower, which was anchored at 72d street, steamed up the river at 10 o'clock this morning passing each vessel where the "jackies" on deck were drawn up at "attention" and every officer was clad in the blue and gold uniform of the Navy. The Mayflower was accompanied by the naval yacht Dolphin. After passing up the river to about 125th street, the Mayflower turned and passed down beside the fleet again anchoring at 72d street at the conclusion of the review.

At four o'clock this afternoon the President reviewed the Atlantic fleet as it passed out to sea, after a days stay in New York. After the fleet had disappeared through the Narrows the Mayflower followed and planned to return immediately to Washington.

From New York the great American fleet will assemble off Newport for a "battle game." War practice will last until May 30 when the ships will depart to their home yards to be overhauled before their long cruise through the Panama canal to the San Francisco Exposition. The fleet is scheduled to assemble at Hampton Roads on June 21 and to sail for the Canal Zone June 25. It is planned to celebrate Fourth of July at Colon.

## TODAY'S ODDEST STORY.

(By United Press.)  
Boston, May 18.—The "nerviest" female seen in years at Harvard, took a seat in the gallery of the dining hall, in full view of the 500 diners evidently unaware of the boys' aversion to the presence of women. Rapping, followed by shouts to disturb her, but upon being informed by a flurried waiter that she was the cause of the rumpus she rose, clamorously surveyed the scene and made a low bow to the howling crowd. Then she deliberately strolled out.

## A Real Kidney Medicine Always Reliable.

I feel that I ought to tell what I know about Swamp-Root and what it has done for me. I was down and out and had to quit work in 1906. I only weighed 125 pounds. The doctor said I had kidney trouble in the worst form, and my liver was out of order. I had rheumatism so badly I could not get around. One day I picked up an Almanac and saw your advertisement, and it fit my case exactly. I got a one dollar bottle and took it and when it was gone I felt so much better that I bought five more bottles of Dr. Kilmer's Swamp-Root and I was a well man; my weight increased until I weigh 215 pounds. I am 65 years old and I am feeling fine and work every day. I have three men who knew me when I had to quit work in the mill in 1906, and who will make affidavit to my present health. If you want to use the above statements as my testimonials, you have my consent. Yours very truly, W. T. GRAVES, Anderson, Indiana.

Personally appeared before me, this 4th day of February, 1914, W. T. Graves, who subscribed the above statement and made oath that this was true. ROBERT E. BRADON, Notary Public. My commission expires Jan 8th, 1917.

## SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs kidneys, then back hurts and bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

## WOULD EXEMPT MEN OFFICERS

Los Angeles Policewoman Says It Is Woman's Place to Handle Cases Involving Girls

### TEMPTATION IS TOO GREAT

Tells Delegates at National Conference Some of Her Experiences Much Good Accomplished

(By United Press.)

Baltimore, Md., May 18.—"Men officers have a right to exemption from what may be a constant temptation to the weak," declared Mrs. Alice Stebbins Welis, policewoman of Los Angeles, in a important paper read before the National Conference of Charities and Correction. The woman "cop" from the Pacific coast told the assembled delegates some straight truths about handling of girls and women of the street.

Woman officers can accomplish more than policemen, said the speaker. "For the best officers are the most reluctant to undertake the handling of girls, and will sometimes resign in preference."

"I recall one instance reported of a young girl who was a menace to both girls and boys throughout all her neighborhood," said Mrs. Welis. "Two of us went and talked to her and her mother about the career upon which she had entered; told her to get a pattern and make her own dresses. We further instructed her not to go out on the streets at night except with her father or mother—an injunction which the officer on the beat later assured me was being obeyed; but I fear we found her a little too late for very hopeful results."

"In another case a father reported that his daughter had threatened to leave home and he wished us to prevent her. We found she was doing all the house work, including the family washing. Her young sweetheart, honorable and considerate, saw the drain upon her strength which her father did not, and was paying 72 cents a week to hire the washing done, unknown to her father. Our policewoman labored with the father for days before he consented to buy a neat pair of shoes and a simple dress that the girl might go to Sunday school on Easter Sunday, unshamed."

## FALLING HAIR OR ITCHING SCALP

Now that Parisian Sage—an inexpensive preparation that supplies every hair and scalp need—can be had from Johnson's Drug Store, it is certainly needless to have thin, brittle, matted, stringy faded hair. No matter how unsightly your hair, how badly it is falling, or how much dandruff, Parisian Sage is all that is needed. Every trace of dandruff is removed with one application, the hair roots are nourished and stimulated to grow new hair, itching scalp and falling hair ceases.

Parisian Sage is certainly one of the most invigorating tonics, and will surely make your hair soft, abundant and radiant with life and beauty.

## INCOME TAX ACT IS OBJECTIONAL

American Bar Association Passes Unfavorable Comment on One of Foremost Statutes.

### OF WILSON ADMINISTRATION

Verdict is Severe Arraignment of Careless, Haphazard Methods of Legislating.

Washington, D. C., May 18.—"Apart from specific defects, the structure of the act as a whole is open to the gravest objection."

The criticism above quoted refers to the income tax law, passed by the Democratic Congress as a part of the tariff bill. It is taken from the report of the Taxation Committee of the American Bar Association. That report was non-partisan, made merely for the purpose of having the law improved from a formal and technical point of view. It was an extended, exhaustive and scientific analysis, conducted by men of the highest standing in the legal profession. Their conclusions therefore may be regarded as fair and impartial.

Their verdict is a severe arraignment of the careless, haphazard methods employed by the present administration in the enactment of one of its most important laws.

In this report on the income tax law there are pointed out no less than twenty-five manifest imperfections demanding correction by Congress. Without amendment it is said that the intent of the law can be reached only by judicial interpretation involving tedious, expensive litigation.

With reference to provisions for the return that tax payers must make, the report declares:

"It is most unfortunate that there should be any doubt as to what this precise duty is. Here, if anywhere, the law should be clear and explicit. The provisions should be placed together in intelligible terms, instead of being scattered, involved with other provisions and phrased in obscure language as they now are. The act conveys the impression that the farmers had not reached any definite conclusions in their own minds concerning the requirement of personal returns."

With no thought of making political capital this report specifically outlines the one weakness that dominates the legislative methods of the present administration, saying:

"Political exigencies demanded the speedy enactment of the law, and there was not sufficient time for the consideration of detail."

Finally this Committee of the American Bar Association recommends a revision of the law that shall "extend to its form as well as to its substance."

"The entire act should be reconstructed," concludes their report, "and there should be placed upon the statute books an income tax law so arranged and expressed as to be convenient for reference, consistent in all its parts and capable of being understood by a citizen of average intelligence."

There is no good reason for the flagrant imperfections in the income tax law. They could have been corrected by thoughtful, intelligent consideration, and their frequent occurrence in the act is still further proof of the needless haste, carelessness and inaccuracy that characterizes the enactment of laws by the Democratic Congress.

### Eugenic Marriages.

Will insure to this country a healthier and more intelligent "family of the future" and many a woman, obviously unfit for marriages, has had her health restored by the timely use of Lydia E. Pinkham's Vegetable Compound, the most successful remedy for female ills the world has ever known. Enormous quantities of roots and herbs are used annually in making this good old-fashioned remedy and no woman who suffers from female ills should lose hope until she has tried it.

## VOTERS DECIDE TWO BIG ISSUES

Single Tax And Prohibition Over-shadowed Others at Denver Election Held Today

### CITY IS NORMALLY "WET"

Liquor Forces Hope to Keep Saloons Even if Rest of State is "Dry" Litigation Promised

(By United Press.)

Denver, Colo., May 18.—Single tax and prohibition were issues decided in a municipal election today after a bitter campaign. The single tax amendment seemed certain to defeat.

The liquor issue came up under an amendment providing that Denver shall stay "wet" after the remainder of the state goes "dry" next January. A provision of the state constitution giving Denver home rule was the hope of liquor interests but the anti-saloon league promised to carry the question into the courts again, the supreme court having declared that state liquor laws are enforceable in municipalities. Further litigation is just what the Denver "wets" desire, hoping that an injunction will permit them to do business even after the state goes dry in January.

Denver is normally in favor of saloons, a 10,000 "wet" majority being returned in this city when Colorado was voted dry last Fall.

Eight other amendments and three city offices were purely local issues. Woman have tried to back a single woman candidate for commissioner of social welfare but the election of a woman today was doubtful.

## Rheumatic Victims

Johnson's Drug Store's No-Cure No Pay Offer Attracts Many Sufferers to Test Rheuma.

If Rheuma, the wonderful prescription for rheumatism sold by Johnson's Drug Store and all druggists, does not cure any purchaser, the druggist will return your money without any red tape.

Rheumatism is a dangerous disease; because of its shifting nature it often strikes the heart and proves fatal. Any one with even a taint of rheumatism ought to drive it out as soon as possible.

Rheumatism is caused by sluggish, worn-out or over-worked kidneys, which become clogged and fail to eliminate the impurities from the system.

Rheuma acts promptly and directly upon the kidneys; it cleanses them; it absolutely renovates and leaves them in perfect condition, able to do the work nature intended they should do. 50c a bottle.

# HOLDS GERMANY IS RESPONSIBLE

Col. Weaver, Former Consul-General To Vienna, Says International Law Was Violated

## REFERS TO TREATY OF PARIS

States That Notice of Warning Showed Policy to Dictate To The United States

(By United Press.)  
Greencastle, Ind., May 18.—Col. James Riley Weaver, former consul-general to Vienna, now professor of political science at DePauw University states today after a careful study of the sinking of the Lusitania and the torpedoing of Gul Flight that he believed Germany responsible in both instances.

BY COL. JAMES RILEY WEAVER, (Former Consul-General to Vienna)

Under the Treaty of Paris of 1856, which was signed by England, Prussia, France, Italy, Turkey, Russia, Japan and the German Confederacy, is an infringement of any sovereign's rights to capture a merchant ship without first investigating its cargo. The Paris document states specifically that neutral goods, except contraband of war, is immune from capture by a belligerent, whether the ship it is on be the ship of an enemy or a neutral country.

In the case of the Lusitania, I hold that Germany has committed a serious violation of international law, because of the fact that it destroyed American cargo without first investigating as to whether or not this cargo was contraband of war. The Paris Treaty did not include any reference to sinking a merchantman and it seems, to me, clearly evident that because of this fact Germany overstepped her limits by destroying the neutral cargo without first attempting investigation.

The mere fact that official notices were published in American newspapers previous to the departure of the Lusitania, fore-warning all Americans not to take passage on this vessel, is nothing short of an infringement of the United States' sovereignty. Had American citizens remained off the Lusitania it would have been a recognition of Germany's power to dictate to the United States.

Taking into consideration the matter of international law, other than the provisions set forth in the Treaty of Paris, a belligerent can only detain a private vessel, take it into port, examine the cargo, and upon an order from court of the country confiscate the vessel and cargo.

The submarine cannot very well be used to meet the requirements of international law.

During the time of war the rights of a neutral country cannot be diminished. No belligerent can modify neutral rights, and Germany's notices to American citizens advising them to remain off the Lusitania was clearly an attempt to do this, since a hostile flag does not make innocent goods hostile other than a contraband of war. To me Germany has committed a serious crime and I believe that she will pay the penalty, in form of an indemnity ultimately, as she is now suffering the condemnation of public opinion.

# DEMOCRATS IN A FACTIONAL ROW

Lots of Fuel Has Been Added to Flames in Indiana Politics in the Last Few Days.

## SOME HOT SHOTS EXCHANGED

Bitter Reply of Homer Cook to John R. Jones is One of Sensational Developments.

Indianapolis, Ind., May 18.—The bitter reply of Homer Cook, the Democratic secretary of state, to the caustic criticism of John R. Jones, and the refusal of the Jackson Club of Lafayette to indorse the candidacy of J. Kirby Risk—a home man—for the Democratic nomination for governor, has added a big bundle of fuel to the factional flame that is raging in the camp of Indiana democracy. The contest between Taggart and the anti-Taggart forces is to be staged in every congressional district in the state and even at this early date it is plain that the contests are to be bitter and that there will be no compromise. It is "rule or ruin" with both factions.

The anti-Taggart factionists are pleased to call themselves "forward lookers" and Wilson-Bryan Democrats but neither one of these terms are used by the Taggart factionists in referring to their opposition. Up at Plymouth last week John R. Jones, one of the self constituted forward looking leaders, broke loose and denounced Cook and other leading democratic workers in harsh terms. Cook, for the organization, replied to Jones and his remarks have thrown Jones and his associates into a frenzy. Risk, another of the forward looking leaders, is being urged to become the candidate of his noisy clique for the democratic nomination for governor, but his boom was given a rude set back when the Jackson Club of his home city refused to indorse him and intimations were forthcoming from regular organization sources that Risk was not even a Democrat.

The "forward lookers" are at last beginning to realize what the Taggart crowd did to them on the occasion of Redfield's visit to Indianapolis recently, and this knowledge has tended to increase their bitterness toward the Taggart forces. It will be recalled that on that occasion John W. Holtzman, another one of the forward looking leaders, was chosen to preside. When the Taggart outfit realized that the Redfield meeting was to be a huge fizzle, it is said that the word was passed around for organization men to stay away and let Holtzman and his gang "hold the bag" and take the blame for the failure of the meeting. Taggart did not show up at the Redfield meeting; Joe Bell was not there and other organization workers were conspicuous by their absence. Even Governor Ralston did not arrive until after the meeting began and he occupied a seat in the balcony instead of mingling with Holtzman and the few other onlookers who were on the stage.

It had been announced with great acclaim, before the Redfield meeting that this was to be the first of a series of banquets and jollification meetings to be held in every congressional district of the state. Kern and his close personal followers had become alarmed at the remarkable and unusual activity of Indiana Republicans as evidenced by the largely attended meetings, that had been held in every section of the state and they had come to the conclusion that the thing for them to do was to "follow suit" without wasting any more time. However, the Redfield meeting opened their eyes and dampened their enthusiasm. What has become of those proposed democratic meetings in the various congressional districts of the state? The lack of public interest in anything democratic was apparent even to Kern with the ultimate result that work on the proposed schedule of meetings ceased with the pulling off of the Redfield fiasco.

The next day after Redfield appeared here, Kern, it was announced left Indiana to remain until fall. This was startling news in political circles, especially since Kern, before

the adjournment of Congress, had sent word that he intended to spend the present summer running over Indiana visiting "the boys." Possibly Kern, after the Redfield fizzle, came to the conclusion that there was no great demand among the voters of Indiana to see him or hear him or any other man who might, for one reason or another be called on to preach the gospel of discredited democracy.

The war of extermination in the democratic camp is expected to increase in intensity and ferocity as the days go by. The leaders of both factions, it is stated, realize fully that Indiana will return to the Republican column next year but neither side intends to allow the other to enjoy the empty satisfaction of having a hand in fixing the organization or naming a ticket. That's why there will be no chance of a compromise or a truce in this battle between the "ins" and "outs" among the Indiana democratic politicians.

# FIGHT STARTS TO REMODEL TRAFFIC

Petition Containing 3,000 Names in Which City is Asked to Provide Loop District.

## "MERCHANT RING" TO FIGHT

(By United Press.)  
Indianapolis, Ind., May 18.—When a delegation of citizens scheduled to meet with city officials today unrolls petitions bearing the names of more than 3,000 citizens, the fight to remodel the traffic of downtown Indianapolis will begin. The new plan is to make a loop district, somewhat similar to that in Chicago, about which the street cars would travel, thus avoiding the extreme congestion now common in the heart of the city.

The plan, it is understood, will be fought by the "merchant ring," as some have called the powerful merchants on "Washington" street between Illinois and Pennsylvania streets. As the cars now move, every one must pass Illinois and Washington streets. For that reason, a large majority pass in front of the stores owned by these merchants.

The loop as now suggested would be inclosed by New York street on the north, Capitol avenue on the West, Georgia on the south and Delaware street on the east.

**Selling Is MORE than Trading Stock for Money!**

Selling is part of the scheme of business. Most anyone can sell once, but selling so you can create permanent customers is selling successfully. That is why we carry the large stock of buggies we have on our sample floor for prospective customers or purchasers to make their selections from. They don't have to take something they don't want, as we carry every style of buggy that there is a demand for. Then after the customer has made his selection from our stock we tell him exactly what the buggy is and it has to be just as we represent it or we make it that way. The customer takes no chances. He is sure to get just what he pays for. ONE sale reduces itself to a confidence game unless the buyer is perfectly satisfied. Satisfaction sends a customer away with a smile that won't come off. That is why our buggy business has grown. We have found out how to hold customers after we get them and every satisfied customer is bound to bring a new customer sooner or later. Right now our stock of buggies is complete and if you are needing a buggy come in and make your selection. We have the style you want and we would be glad to have you for one of our satisfied customers. We know you will be glad when you give us your vehicle business; so do it now.

**WILL REFUSE TO YIELD TO WILSON**

Reliable Reports Are That Kaiser Will Not Agree to Change Submarine War Policy.

**AS AMERICA HAS REQUESTED**

Full Responsibility For Lusitania Loss to be Thrown on England and United States.

(By United Press.)  
Amsterdam, May 18.—Germany's answer to the American note will be forwarded to Washington on Thursday, according to the best information obtainable here from Berlin. It is reliably reported that the kaiser will refuse to yield to President Wilson's request that Germany change her policy of submarine warfare.

The German reply will be of most polite words. But it will declare that Germany must continue her submarine warfare and will express the hope that America will not fail to understand that the German government owes it to the people of the fatherland to combat the enemy with all the weapons at her command.

The striking of the Lusitania will not be disavowed. Germany will throw full responsibility for the heavy losses of life upon England and upon the American authorities who permitted Americans to go aboard a vessel knowing she was laden with explosives. The German answer will quote from the German admiralty's official statement that only one torpedo was shot against the liner and that the explosion of her ammunition cargo caused her to founder at once.
